

# Durable, Anti-Skid Flooring Cap-

Filon GripMaster™ is a super tough, anti-skid flooring panel. Its superior performance adapts itself for use on ramps, doors, flooring surfaces for recreational vehicle toy haulers, cargo trailers, sky decks, and more!

- Standard in 0.08" (2.0 mm) thickness and in colors of Light Gray and Black
- Non-slip surface helps prevent accidents in all weather conditions
- Reduces installation and maintenance costs associated with post applied coating
- Abrasion resistant
- Will not support mold or mildew
