

Unsurpassed Weathering Performance

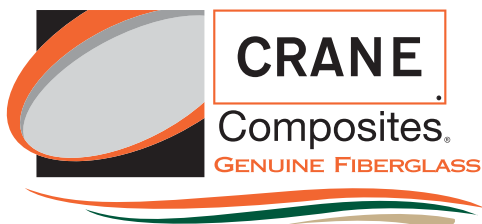

fiberglass reinforced plastic EXTERIOR COILABLE SIDEWALL PANELS

GIVE THEM MORE OF WHAT THEY RV FOR.

A durable, high-gloss fiberglass finish. It has an advanced resin system engineered to be compatible with today's variables associated with a total composite wall and roof product assemblies.

- Manufactured with a smooth gel-coat, providing attractive, automotive finishes
- Available in a standard surface finish or with a less fiber show enhanced finish
- Scratch and abrasion resistant; withstands dents, dings, mold, and mildew
