

KEMPLY® Laminated Panels with Surfaseal Finish

Protect your facility with Crane Composites resilient wall coverings. Kemply is fabricated by laminating a single or double Glasbord embossed or smooth panel to a rigid substrate. The resulting Kemply panel has structural strength and rigidity.

KEMPLY FLUTED POLYPROPYLENE WITH GLASBORD EMBOSSED | WHITE (85)

Made of fiberglass reinforced plastic (FRP), Glasbord with Surfaseal is extremely moisture-resistant and non-porous. The Surfaseal film finish, found only on Glasbord, provides a barrier that's highly resistant to impact and scratching. The sturdy panels provide a faster installation by applying directly to a wall stud with a 5-year limited warranty.

5 substrates + GLASBORD

AVAILABLE SUBSTRATES

Gypsum
1/2" | 5/8"

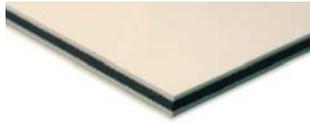

Plywood
3/8" | 1/2" | 5/8" | 3/4"

Oriented Strand Board
3/8" | 1/2" | 5/8"

Fluted Polypropylene
0.32" | 0.40"

Double-Sided ACP Core
0.12" | 0.24"

PRODUCT SPECS

AVAILABLE SIZES

4' x 8' | 4' x 10' (wall panels)
23.75" x 23.75" | 23.75" x 47.75" (ceiling panels)

AVAILABLE GLASBORD SKINS

Class A Embossed | 0.09" (FX)
Class A Smooth | 0.075" (FSI)
Class C Embossed | 0.05" (PWI) or 0.09" (PIF)
Class C Smooth | 0.075" (PSIF)

ACCESSORIES

- Standard Vinyl/PVC Moldings

KEMPLY ACP

Kemply aluminum composite core panels are durable, strong, ceiling panels that give ceiling panel installations the required appearance with the added benefit of strength and deflection resistance. The market has demanded a thinner laminated product that maintains a high strength to weight ratio and Kemply ACP is the answer! Kemply ACP has a Class A fire rating per ASTM E-84 and 0% deflection. Complete the installation with the Sanigrid ceiling grid system. See additional information on form 7440.

MANUFACTURING FOR OVER 60 YEARS!

A global leading provider of resilient wall and ceiling coverings. **Kemlite**® was established in 1954 and the company changed names to Crane Composites in 2007. Crane Composites is headquartered in Channahon, IL and all our products are manufactured in the United States. We work with hundreds of distributors, ensuring our products are easily accessible and readily available to our customers.

USDA/FSIS CERTIFIED

Kemply panels meet USDA/FSIS requirements for a finished outer surface material that is rigid, durable, non-toxic, non-corrosive and moisture resistant.
