

FILON® G-III

coilable exterior sidewall panels

A durable, high-gloss fiberglass finish, Filon G-III has an advance resin system engineered to be compatible with today's variables associated with total composite wall and roof product assemblies.

ATTRACTIVE FINISH

Manufactured with a smooth gel-coat, providing an attractive, automotive finish.

SURFACE OPTIONS

Available in standard surface finish or with a reduced fiber-show enhanced finish.

SCRATCH RESISTANT

Scratch and abrasion resistant, withstands dents, dings, mold and mildew.

application:

recreational vehicles
