BUILDING PRODUCT CERTIFICATION STATEMENT

USDA/FSIS REQUIREMENTS:

CRANE COMPOSITES, INC. CERTIFIES THAT ALL CRANE COMPOSITES FRP PANELS AND FRP LAMINATED PANELS MEET THE FOLLOWING USDA/FSIS REQUIREMENTS:

1. Crane Composites FRP panels and FRP laminated panels have a finished outer surface material that is rigid, durable, non-toxic, non-corrosive and moisture resistant. The panels are a light solid color such as white with a smooth or embossed surface that is easily cleaned.
2. Crane Composites FRP panels and FRP laminated panels do not contain any known carcinogen, mutagen, or teratogen classified as hazardous substances, heavy metals or toxic substances, antimicrobials, pesticides, or substances with pesticidal characteristics.

We believe all information given is accurate, without guarantee. Since conditions of use are beyond our control, all risks are assumed by the user. Nothing herein shall be construed as a recommendation for uses which infringe on valid patents or as extending a license under valid patents. www.astm.org/Standards/E84.htm.

A global leading provider of resilient wall and ceiling coverings. Kemlite® was established in 1954 and the company changed names to Crane Composites in 2007. Crane Composites is headquartered in Channahon, IL and all our products are manufactured in the United States. We work with hundreds of distributors, ensuring our products are easily accessible and readily available to our customers.

The following are trademarks of Crane Composites, Inc. or a related company: Glasbord, Kemlite, Kemply, Surfaseal, Sanigridd, Silhouette Trims and Varietex
