STYLED + DURABLE surface systems

PATHWAYS COLLECTION

Fiberglass Reinforced Panels
Inspired by both the natural and digital worlds. The Pathways Collection echoes the variegated colors and shapes seen during a stroll through nature. But it’s also inspired by digital connection points - another type of pathway humans use every day, one that’s often unseen or indistinct.
12 Patterns custom patterned wall panels from DESIGNS FRP

more than 65 years

A global leading provider of resilient wall and ceiling coverings. Kemlite® was established in 1954 and the company changed names to Crane Composites in 2007. Crane Composites is headquartered in Channahon, IL and all our products are manufactured in the United States. We work with hundreds of distributors, ensuring our products are easily accessible and readily available to our customers.

greenguard certified

All Crane Composites wall and ceiling coverings have earned GREENGUARD Certification for low chemical emissions, issued by UL Environment. This certification reflects our dedication to improving the quality of our products, while using low-emitting materials in their construction.

Thanks to their environmental benefits, the use of Crane Composites products may also contribute to earning LEED® certification.
